Attention: Ms. Sue Kiser

Dear Ms. Kiser:

With this letter, I am forwarding the Tulare County Association of Governments (TCAG) Administrative Amendment No. 14, which makes a technical adjustment to their 2004/05-2006/07 Federal Transportation Improvement Program (FTIP). The adjustment is for a description change to a Congestion Mitigation and Air Quality Improvement Program (CMAQ) project. The previous description incorrectly stated the project was to fund the cost difference between diesel and CNG engines for three, on-road solid waste vehicles. The project actually funds the cost difference between diesel and LNG engines. This amendment does not affect air quality conformity, timely implementation of Transportation Control Measures (TCM's) or financial constraints and does not result in major scope changes.

The changes are included and submitted by TCAG through the California Transportation Improvement Program System (CTIPS).

Since administrative amendments do not require Federal Highway Administration and/or Federal Transit Administration approval, this FTIP amendment has been amended into California's 2004/05-2006/07 Federal Statewide Transportation Improvement Program (FSTIP).

Please address any questions on this amendment to Penny Gray of my staff, at (916) 654-3521.

Sincerely,

A handwritten signature in black ink, appearing to read "Rachel Falsetti", with a large, stylized flourish at the end.

Rachel Falsetti, Chief
Office of Federal Transportation Management Program
